Johns Creek City Hall

**BUICE ROAD BRIDGE
REPLACEMENT PUBLIC
INFORMATION OPEN HOUSE
(PIOH)**

ENGINEERING PHASE

Project Background

- Project proposes replacing the existing bridge over Johns Creek to improve safety and operations
- City was awarded a federal grant towards the bridge replacement
 - Project is in coordination with GDOT
- Council authorized engineering in May 2021

CURRENT CONCERNS

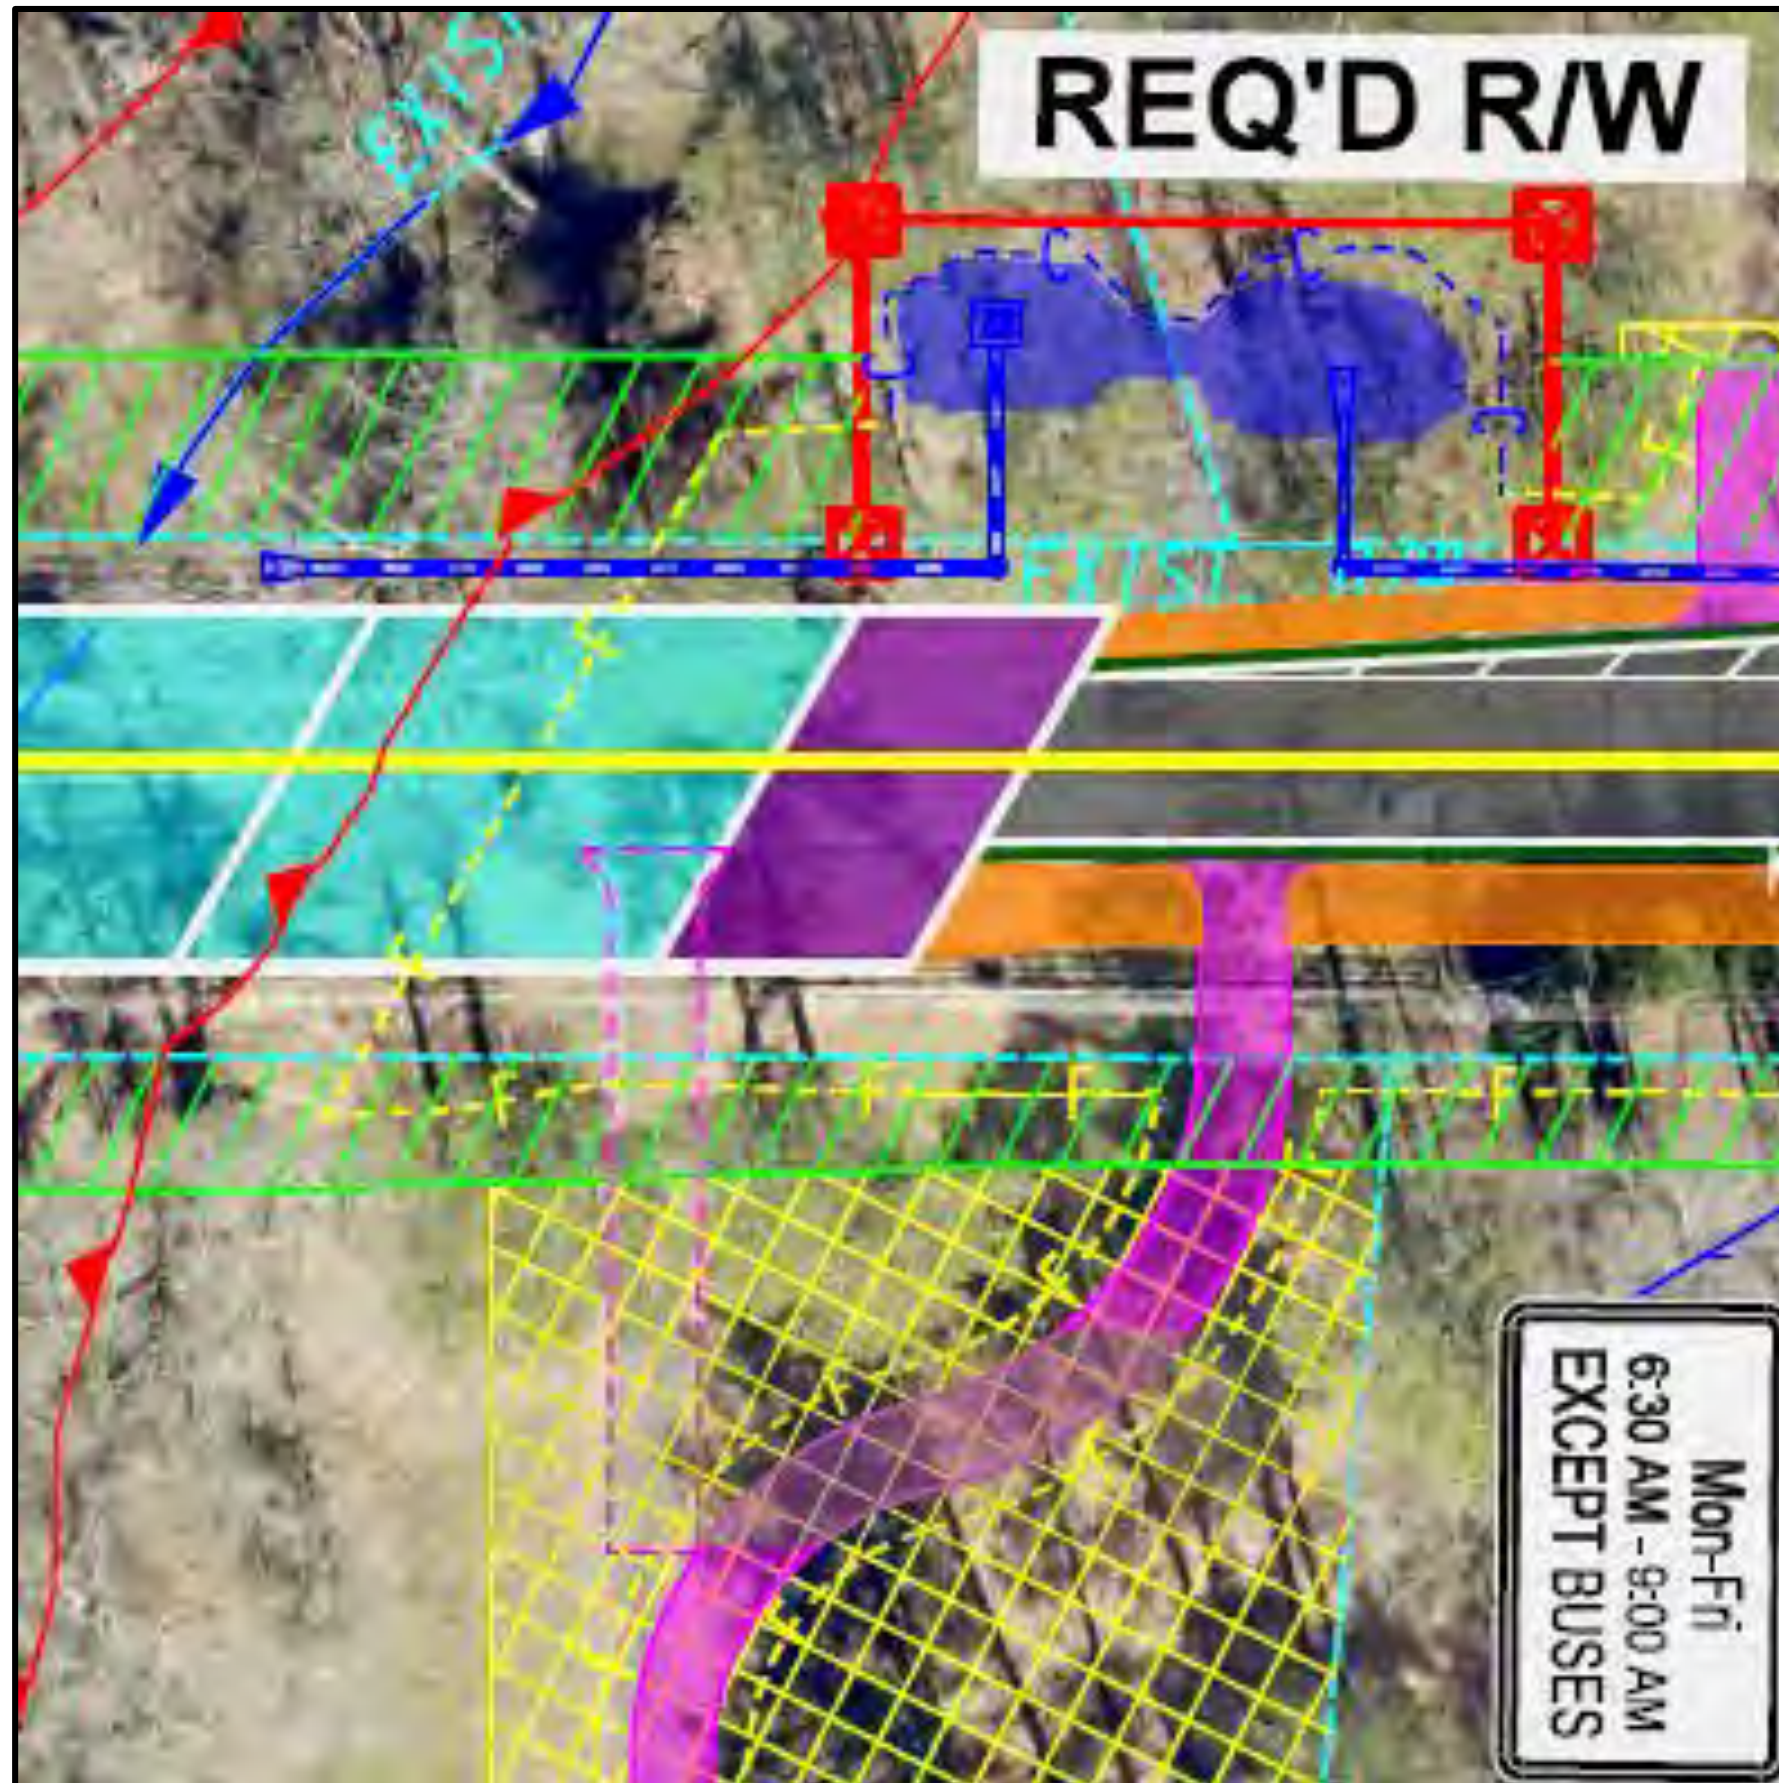

- Bridge does not meet current design standards
 - Weight limited
 - Low sufficiency rating of 57.7
- Driver Safety
 - Flooding during large storm events
- Lack of Pedestrian Connectivity

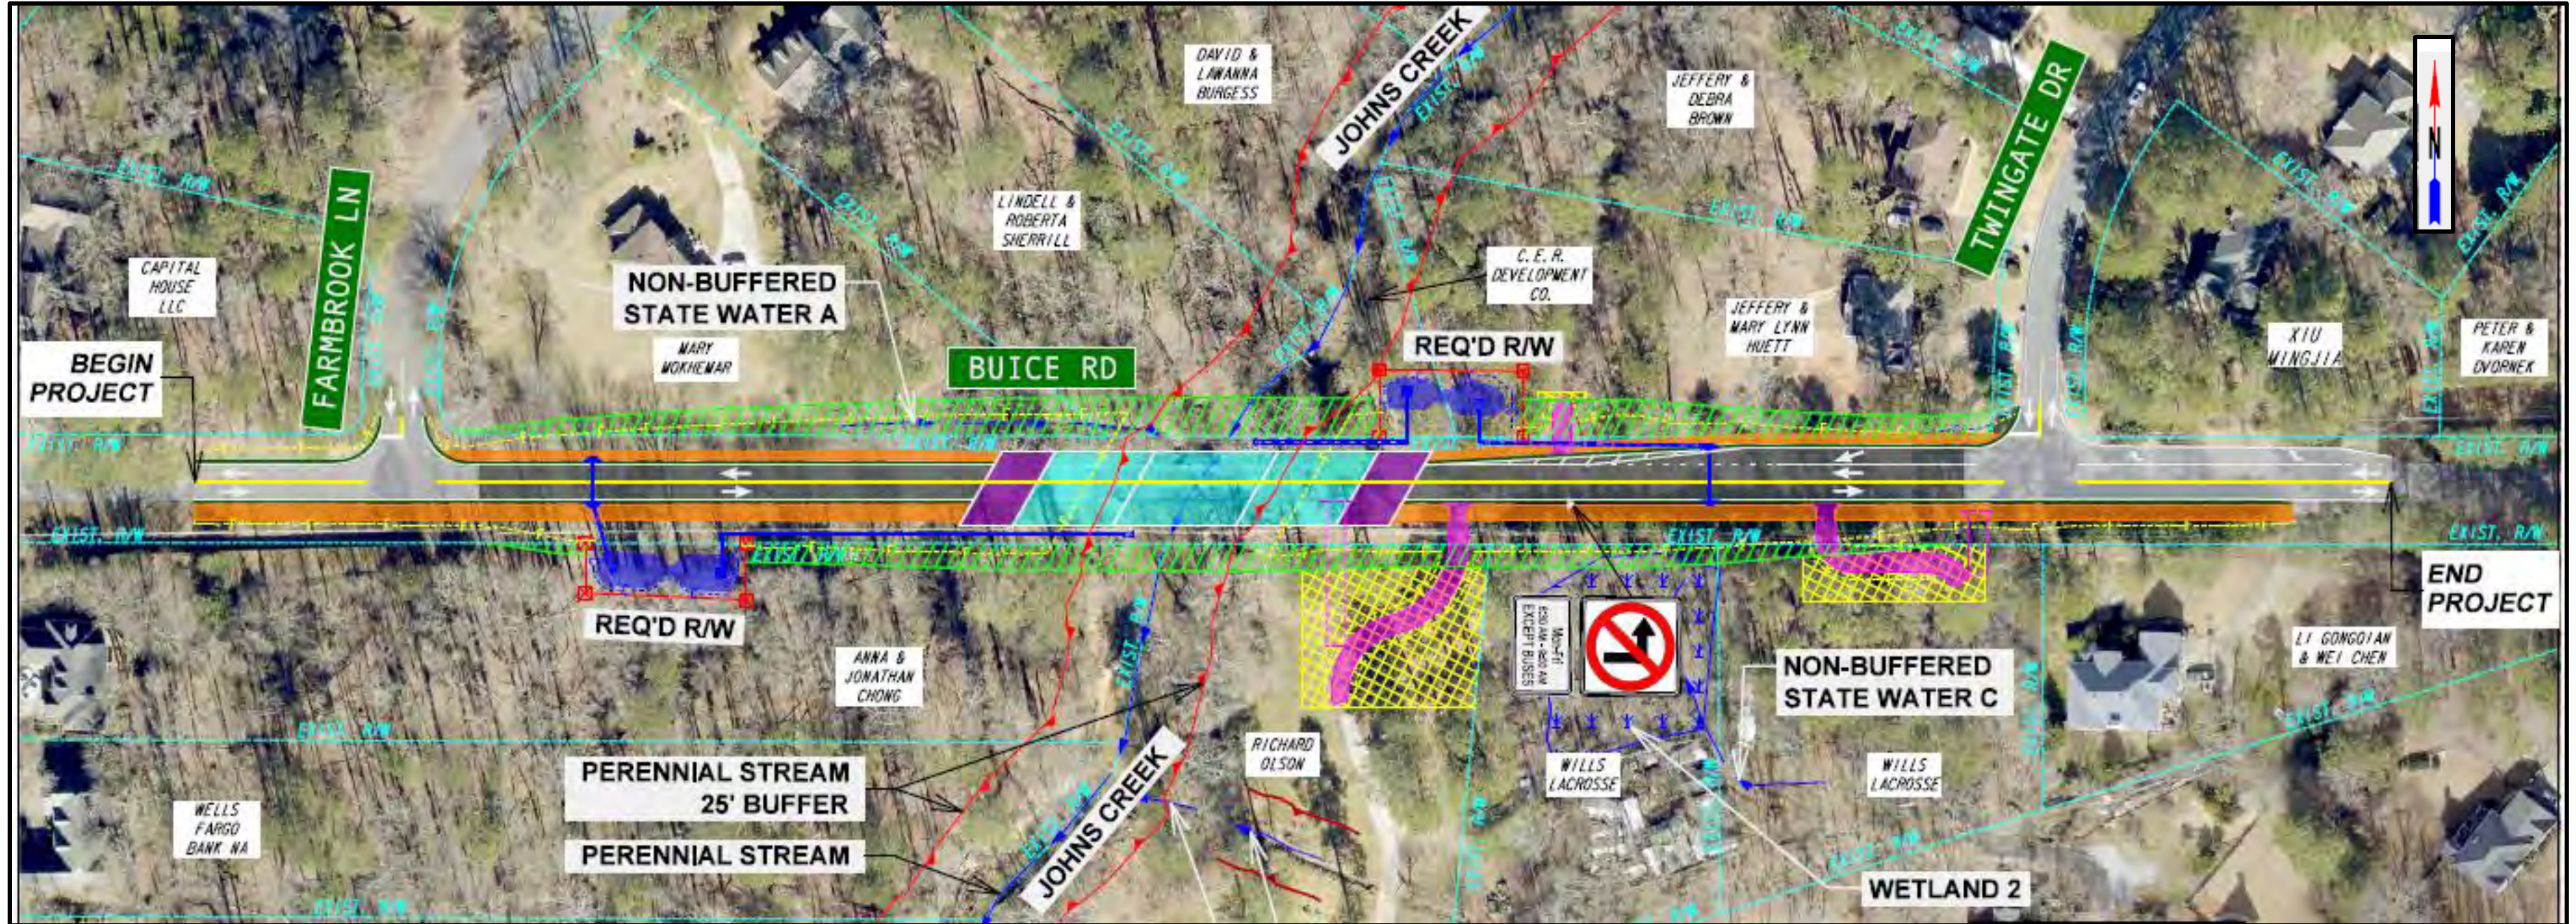

CONCEPT DESIGN

LEGEND ELEMENTS

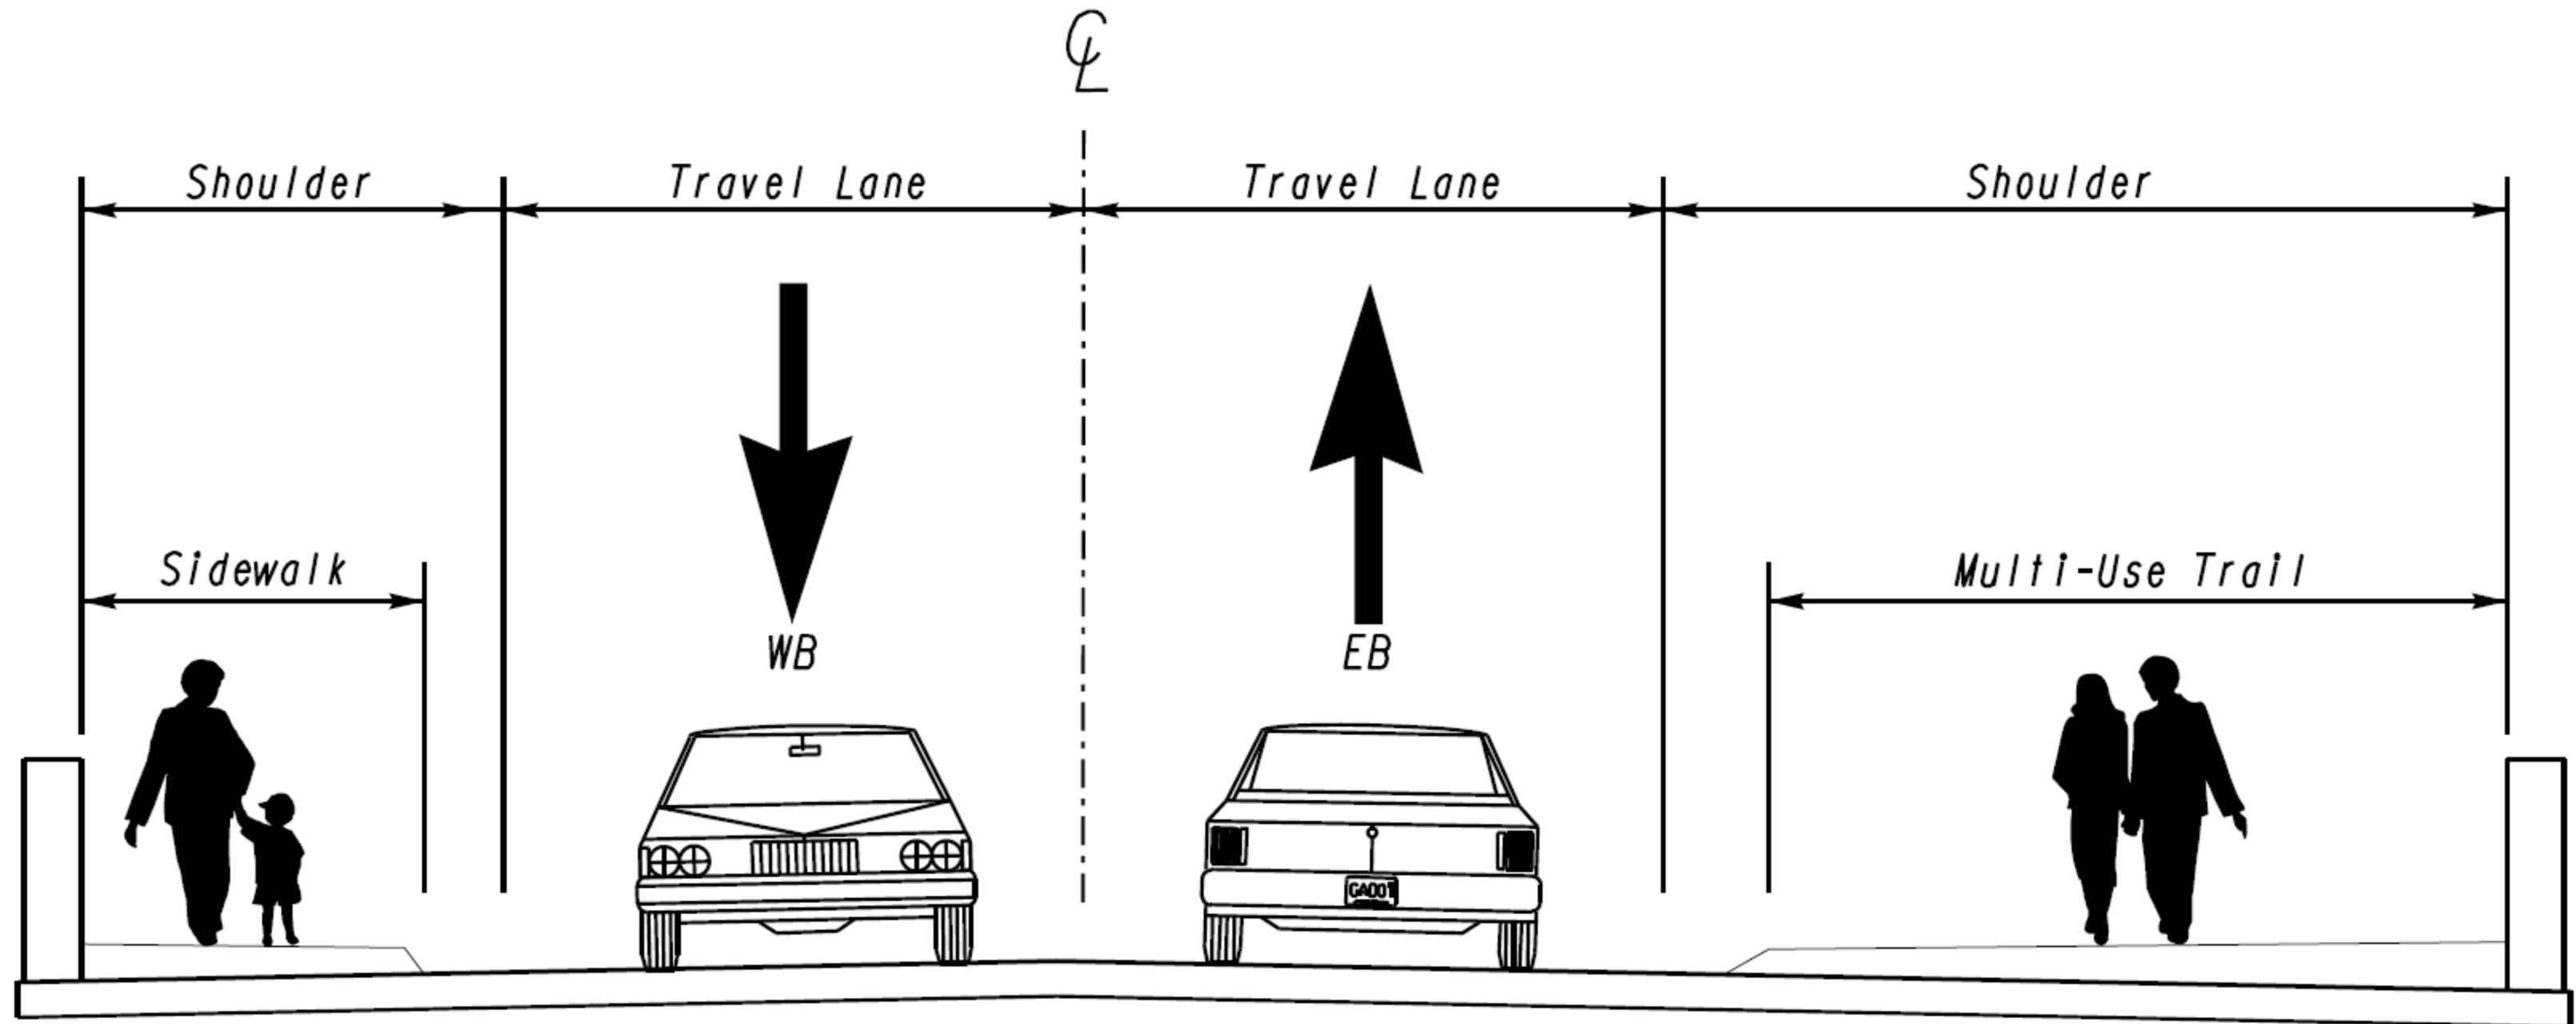

LEGEND:

Address

Do you support the project and the detour as presented? (check your response)

☐ For

☐ Against

☐ Conditional (I would support this project if... describe below)

☐ Uncommitted

Comments:

Live Online Chat (Zoom)

A screenshot of a Zoom meeting interface. The main window shows a video feed of a person named Andrew Normand. To the right, there is a 'Zoom Group Chat' window with a message input field and a 'More' button. At the bottom, there is a toolbar with icons for Mute, Stop Video, Invite, Manage Participants, Share, Chat, Record, Closed Caption, Breakout Rooms, and an 'End Meeting' button.
